

**REPLACEMENT OF MULTI ACCESS RADIO RELAY (MARR) VPTs-
REPLACEMENT BETWEEN 01.04.02 AND 30.06.03**

The scope of this Agreement was to install new VPTs between 01.04.02 and 30.06.03 in replacement of MARR VPTs and the operation & maintenance of all such new VPTs by the USP in the service area for which Agreement has been entered into. M/s BSNL was the lone USP under this Agreement signed in March 2004.

The validity of Agreement is 8 years and 3 months from the effective date i.e. 01.04.02.

The subsidy under the Agreement is payable from the date the new VPT is provided in replacement of MARR VPT and made functional, up to a maximum period 7 yrs from the date of replacement of MARR VPT.
